Is The Literary Digest in the Pay of the German Kaiser?

A few Canadian newspapers, with more of a desire to be reckless than to be right or truthful, have, we feel, with malicious intent, published calumnies of the basest description, reflecting upon THE LITERARY DIGEST.

These newspapers have asserted that this well-known weekly has been "subsidized by German gold," that it has gone "into the service of the German Kaiser," that it is "under German control," and that "German bribe money has made it an organ for the spread of German culture." Then, assuming that Canadians are so soft-headed that reading THE LITERARY DIGEST will straightway destroy them mentally, they warn the Government against its admission to the Dominion.

The publishers of THE LITERARY DIGEST unqualifiedly and unreservedly brand as absolutely false in every detail each and every one of these charges, or any others that have been made or may be made of a similar nature. There is not one scintilla of truth in them.

The business direction and the editorial policy of the magazine are precisely the same to-day as they have been for the past twenty-five years. It is published by Funk & Wagnalls, Americans for generations, who have a world-wide reputation as publishers of the New Standard Dictionary of the English Language, and other famous English reference works which are in the libraries of every intelligent family in Canada.

THE LITERARY DIGEST circulates as widely and freely in England and France to-day as it did before the war commenced, not a single protest having been heard. It has remained for an insignificant coterie of the Canadian press to attempt to exercise paternal guardianship over Canadian people by denouncing what they shall and what they shall not read about the war. We are very much mistaken if broad-minded Canadians will relish, let alone countenance, such a relationship, once they know all the facts.

The Kaiser Is Not Paying Our Bills

One of these journals plumbs the depths of the ridiculous when it sneeringly asks why we are making such a lavish expenditure of money in advertising in Canadian newspapers, unless this money has been furnished by the Kaiser!

While such a statement scarcely deserves answering, we shall not overlook it.

Why This Advertising Campaign Now?

Every intelligent man knows that advertising is the life-blood of any business, and with all modesty, we admit that legitimate and judicious advertising has always been our custom, and has been, in fact, a potent factor in achieving any commercial success which we may now enjoy.

The advertising that we are doing in Canada is merely an extension of a campaign which was inaugurated in the United States before the war began and which has been extended to Canada, because in these times such an impartial journal as THE LITERARY DIGEST should be in greatest demand by the great masses of Canadians, vitally concerned as they are in the fearful struggle, and eager as they naturally are for reliable news from all sides of it. Therefore, every dictate of common "horse-sense" and good business logic prompts us to remind the Canadian people of this fact. That is our reason for this advertising and our only reason—and we are paying the bill cheerfully out of our own pocket.

Why We Have Not Yet Resorted to Legal Process

Knowing the utter falsity of these newspaper imputations, and the construction that may be placed upon them by some of our friends throughout Canada, it has not been an easy matter to rest quietly under them. We realize, however, the high tension under which all the people of the Dominion, including newspaper editors, are laboring at the present time; we realize that nearly 90,000 of Canada's young men are in Europe or on their way there prepared to fight shoulder to shoulder to uphold the principles of loyalty and love of the mother country which every real Canadian feels. We do not forget the anxiety for these loved ones that shadows

many homes from Halifax to Vancouver. Were it not for these considerations and the fact that these absurd, yet annoying, charges would inflict their injury upon us long before they could be checked by legal process, we should trust our case with the Canadian courts to bring these detractors to justice. However, we are pursuing a "watchful waiting" attitude before advancing towards this means of redress. In the meantime

The Literary Digest Will Give \$10,000

Divided as Follows:

\$1,000 to the	Canadian Patriotic Fund of	Toronto
\$1,000	"	Ottawa
\$1,000	"	Winnipeg
\$1,000	"	Hamilton
\$1,000	"	Quebec
\$1,000	"	Edmonton
\$1,000	"	Vancouver
\$1,000	"	Halifax
\$1,000	"	Montreal
\$1,000	"	St. John

Under the simple condition that any or all of the newspapers which we so recklessly slandered us will come forward with evidences that will prove to the satisfaction of the Canadian Newspaper Press Association:

That the editors or publishers of THE LITERARY DIGEST have ever received, directly or indirectly, a German mark, a British shilling, a French franc, or a Russian copeck, or other money of any kind or in any amount for the purpose of influencing anything that has been said or left unsaid in the columns of THE LITERARY DIGEST.

Now is the time for these newspapers to convince their readers that their charges have been based on evidence or have been uttered simply to poison the mind of the Canadian public against THE LITERARY DIGEST. By making good their assertions they can also add a material contribution to the cause for which they are presumed to have such a zealous regard.

Ringling Words From a Canadian Editor

The big, fair-minded Canadians who have been reading THE LITERARY DIGEST for many years will doubtless agree with the editor of the Saskatoon "Phoenix" who says: "The outcry against THE LITERARY DIGEST is evidence of sheer bigotry and stupidity. As a collector and condenser of universal opinion, it is one of the most valuable magazines published on the Continent. It is of inestimable value to the eager but busy reader, to the student of world politics, to the man whose business it is, or who makes it his business, to know the trend of opinion and events throughout the world. Those who profess to find pro-German and anti-British sympathies in THE LITERARY DIGEST are gifted with a preternatural instinct for discovering what their prejudices desire."

Get the Literary Digest This Week!

We urge those of the Canadian public who are not familiar with THE LITERARY DIGEST to commence reading it now! They will find in it all sides of the war impartially reported. They will also find that the same policy extends to all other topics of world interest, politics, science, invention, commerce, literature, religion, amusements.

Get this week's number at your newsdealer and learn what an interesting and helpful publication this will be to you.

If for any reason your newsdealer does not carry THE LITERARY DIGEST or if you are living distant from a city or town send to the publication office (354 FOURTH AVENUE, NEW YORK) the sum of \$3.85 and your subscription will be entered for one year (52 numbers). The publishers make this guarantee. If at the end of two months you should wish to cancel your subscription a notice to this effect will bring you by return mail the full amount paid (\$3.85).

THE NEW STORE

Business As Usual

If you happen to come across the man who is drumming about the scarcity of money, and talking about hard times ahead, tell him to stick a pin in himself and wake up. He's in a bad dream.

Tell him that never before in his history did Canada have such a promising outlook for a tidal wave of prosperity, such as it never experienced before.

Many factories are now working twenty-four hours a day, that only a few weeks ago were idle for most of the time.

Things are certainly on the mend. Prosperity is not only coming, it's here.

This is no time for frowny faces or pout mouths. Whenever you see a croaker or a grumbler, you see a man who is standing in the shadow. Tell him to step into the light.

Wife Disappears Held By Police

Was Last Seen Thursday of Last Week--Said to Have Been Chased by Him

OWEN SOUND, Dec. 4.—(Special.)
—The police have arrested Hoseah
Porter, aged forty-four, a negro, on a

general charge of vagrancy. They are holding him, however, until they can

investigate the disappearance of his wife, who was last seen on Thursday of last week. He has told many different stories, and the couple have, it is

said, quarrelled incessantly during the past summer. On Thursday the neighbors, it is alleged saw Porter chasing the woman with a knife. Later she was seen tidily dressed walking in the yard, and since then no trace of her whereabouts have been found. A few weeks ago, it is said, she complained to the police of having been thrashed, but when she was asked to lay an in-

formation, refused to do so.

LONDON, Dec. 4. — Special—A young Canadian private, Victor Albert Baker, regiment driver on the Canadian Pacific Railway, returned to Salisbury this morning after one of the most hastily made matches on record.

Seven weeks ago another Canadian soldier introduced him to his cousin, a Belgian, widow, Bertha Vanden-

Bosch, who was being cared for in a hotel, attached to the Congregational church at Nunhead. Bertha, twenty years of age, comes from Antwerp, where she was cashier in a hotel. The language difficulty was a serious one, but was overcome and on the second meeting after the introduction Baker proposed marriage. He

The bride's mother and father are stranded on the continent, but hearty approval came from the girl's uncle and aunt, also refugees from Belgium.

The bridegroom wore khaki, as he did his father, who is training with him, and the honeymoon was limited

The Mayress of Camberwell attended the wedding breakfast, at which one of the guests offered the bridegroom this advice: "If you don't learn each other's language you will be the happiest man and wife in the world." The bride is to go to the home of her husband's parents in Canada to await his return from the war.

ENGAGED PEOPLE

Common Sense Varies Sentiment in
Regard to Their Dancing.

"There's a dog in the manger for you," said an old man not long since at a dance. He pointed to a couple standing against the wall. The girl was looking with longing eyes at the waiters, and the man by her side stared moodily at her. "He doesn't dance himself, and he won't let his sweetheart do it because he can't dance with her. He's a foolish fellow to make her look upon him as a bar to an innocent pleasure. If he doesn't look out he'll end by making her wonder which she prefers—amusement or a tyrant."

It is a common thing to find engaged people protesting against dancing. "You won't dance again, will you, dear, now we are engaged? I couldn't bear to see you with another fellow."

As a rule, it is the man who raises objections of this kind, not the girl. She does not mind if he dances with other girls so long as he gives her a due proportion of his dances. It is he who likes to see her sitting out and refusing all other men when she is not dancing with himself. It gives him a delightful feeling of ownership, and he does not stop to consider whether the motive is not a selfish one. To most girls who dance it is the mere motion and exhilaration of the exercise that appeals. They care little about the partner except that he dances well.

As to the supposition that she will care less for the man she has chosen as a partner for life because she takes others as partners for a while, the idea is absurd.

NURSERY HAIRBRUSHES.

They Must Be Kept Immaculately Clean to Insure a Healthy Scalp.

Far too little attention is paid both to the quality of the hairbrush and its condition in the majority of nurseries. When the child has a fair amount of hair it is of the utmost benefit that a brush of really good quality should be provided and absolutely essential that it should be perfectly clean. The bristles should be resilient and pliable, as then only will they penetrate the hair and gently stimulate the scalp without scratching it, while the passage through the hair will really cleanse it from dirt.

The frequency of washing the brush required depends on the quality of hair the child possesses and also the degree to which it is exposed to dirt and dust in the country, for instance, a brush will keep much cleaner than in the city, while a child who goes out without a hat or who has long hair, much of which falls below the shelter of the headgear, should have his brush washed more frequently in proportion.

Under such circumstances a clean brush should be provided three times a week, and it is an economy to equip the nursery with duplicate brushes so that they can be alternated. Twice a week clean hair brushes should be provided always, and a practical reminder may be given that the cleansing process can be accomplished in a fraction of time and so trouble by the use of ammonia added simply to cold water.

Martha Washington's Way.
The following is said to be Martha Washington's recipe for putting up pears:

"Ye pears should be very fresh. Wash and put them into boiling lye for a minute. Remove and place them in cold water. Next put ye fruit into a prepared sirup of sugar and water. Use half a pound of sugar for every pound of ye fruit, water to dissolve. Now cook for a quarter of an hour. Remove and put on plates to cool. Boile sugar down to one-half its original quantity. Put ye sirups and pears into jars and add brandy. Seal with bottle."

Don'ts For Preservers.
Don't expect to make good preserves "bit or miss." They require care combined with the best materials and exact measurements to insure success.

Don't keep preserves in an old kettle that is used for other purposes.

Don't think you can hurry preserves: It is out of the question to do so and yet have them perfect.

BEAUTY DON'TS.

Don't take cold baths unless you are perfectly sure that they agree with you. If you have shivering fits when you come out of the water and cannot get warm you may feel sure that they don't.

Don't forget that occasionally bathing the face and neck in milk softens the skin and is especially soothing when the sun has scorched the skin severely.

Don't, if you wear your hair parted, always make the parting in the same place. Change it now and then or your hair will begin to get thin at the place where you usually part it.

Don't wear high heeled, thin soled shoes when going for long walks. Not only will you get tired very quickly, but you will spoil the arch of your instep if you do.

Don't wear shoes that are down at heel. Not only are they fatal to a well dressed appearance, but they are bad for the feet and ankles as well.

Don't wear tulle that are soaked or the pores of the skin of your face will get clogged up with dirt.

Seal operations show slight improvement during the week.

A shipment of toys, clothing and food will be sent by residents of Missouri to sufferers in the European war.

A Tragic Episode.

By BATES VILLER.

Copyright by Frank A. Munsey Co.

"Take in to the County Jail," the words of the county jail stood out in the doorway of his office.

In the wide street of the little town, the town clerk stood.

"You're a lawyer, aren't you?" he asked, looking at the man who stood before him.

"Yes, I am," the man replied, looking at the town clerk.

"What's he want?" asked the town clerk, looking at the man.

"He's a lawyer, isn't he?" asked the town clerk, looking at the man.

The Real Question

—is not "Is it made in Canada?" but "Is it made in Canada?"

No person could be expected to buy Cowan's Perfection Cocoa simply because it is "made in Canada" if other cocoas offer better values.

In quality and selection of the cocoa beans, in flavor and richness and in wholesome food-value Cowan's Perfection Cocoa is as good as you know how to make it—and that's pretty good.

After you have satisfied yourself as to its excellence it is time enough to be glad that it is "made in Canada."

Good Cocoa is "great stuff" for winter weather. Just try the best cocoa—

Tempered with Common-sense

The charge of the "Light Brigade" at Balaklava was a magnificent display of courage, the acme of patriotism,—but it accomplished nothing. It was a useless sacrifice.

Be sure that you do not make useless sacrifices on the altar of your country. Be sure that you remember your patriotism with common-sense.

We must remember, in connection with our efforts to buy nothing but "Made in Canada" goods, that there are some articles necessary to support every Canadian workman, if these articles are not and are consequently in Canada as they can elsewhere.

No amount of insisting that there be "Made in Canada" could establish such industries on a permanent, profitable basis in Canada. It would only result in inconvenience, the acceptance of an inferior article by the consumer.

In lines where competition is practicable, there are enough industries in Canada turning out goods that are the equal of those imported to support every Canadian workman, if these industries are supported by every Canadian consumer.

Everything Else Being Equal, "Say Made in Canada"

"I'm a lawyer," the man replied, looking at the town clerk.

"What's he want?" asked the town clerk, looking at the man.

"He's a lawyer, isn't he?" asked the town clerk, looking at the man.

"Yes, he is," the man replied, looking at the town clerk.

STATUS FIXED IN 1913

Italy Then Refused to Aid Allies Against Serbia

Re-Premier Ghisla in Italian Chamber has been the subject of much discussion in the German and Austrian Press. It is reported that the Italian Government is now in a position to make a decision in the Government 43 to 49.

Admiral Tiesi, ex-minister of Marine, has been appointed to the post of minister of the interior. He is a man of great energy and has been a member of the cabinet for several years.

The majority of those who spoke in the Chamber, especially the Socialists, tried to make the impression that Italy was not in a position to make a decision in the Government 43 to 49.

LONDON, Dec. 8.—Taking advantage of the pressure of the Allies made in the west, the allied French, British and Italian troops have made an offensive movement in the north, and have been successful in capturing the left bank of the Year Waiwai River in northern Papua, in the neighborhood of Lae, where the Germans held very strong positions, the allies are believed to have been successful in their way westward.

For Belleville Patriotic Association
—A Pleasant Success

The close of music which the talented
organist of St. Thomas Church
has presented to the public of Bel-
leville during the sixteen months he
has been in the city since his ar-
rival, has been a most successful
musician to whom nothing but the best
in the art will appeal. Having held
the Lectureship in Music at "St. John's"
Harrisburg—an affiliated church
of the University, and having held
the highest English professional diploma,
Professor Wheatley's title is in no
way overrated, and his performance
evening here the hall mark of classic
work which he has been known to
associate with his name.

It was a happy thought to give music
by members of the allied nations
which proved not only instructive, but
highly interesting. The first number
was organ, being the official March of
the Empire Regiment, sent to the re-
giment by a former pupil of the
late Andre L. Herminie, now fighting
in this corps. The initial theme,
a chorale melody by Bach, is fol-
lowed by a lighter one of a more in-
teresting character, and the work climaxes
with its orchestral colors, being
marked to close. The best item of the
French school from a well-known
son of Guillaume's "Sonata from
Germany". The subject of the

The Lighthouse Keeper's Wife

She Was Easily Won, But She

—Turned Out

By F. A. MITCHEL

George Tuttle was a lighthouse keeper
at an old lighthouse. The tower
was built on a rocky island, and a
few hundred yards back from it a nat-
ural cove, the water of which was
a bridge on the water. George com-
menced from the top of the tower to either
direction trawl coming and going.
At first the young miss was
twenty-five years old—was much pleased
to see the old man, and of course
reading and had plenty of time for the
purpose. The lighthouse keeper con-
sidered a thousand visitors, and he
was not at all of the opinion that his
brinkly institution came down upon
him, and after awhile he discovered
that the old man's isolation was
better. He must give up his position
or have a companion.

One day when the wind was
at the shore and the surface of the ocean
like a lake a girl in a boat pulled
around the point on which George
was sitting on the rocks, asked him
"Isn't a very pretty girl?" he said.
The young woman looked at some
more of the same kind of girl.
"Yes," she said, "I like her."

"The first person I've spoken to
in a week or more. I've afraid I'm
some keeping a lighthouse."

"I must be," said the girl, dipping
her head.

George Tuttle had never seen
any other woman but the keeper's
wife. The first person I've spoken to
in a week or more. I've afraid I'm
some keeping a lighthouse."

her head.

Local Relief For The Belgians

Some six weeks ago the Quinze Chapter of the Daughters of the Empire of Canada, in a most generous and noble spirit, decided to contribute to the relief of the Belgians, which was reported to them. Word has been received that the committee has received their contribution. Appeals for more help have been made, and it is estimated that it will take \$100,000 monthly to supply just here necessities for the unfortunate people of Belgium. The ladies of the Quinze Chapter have decided to undertake sending to the proper authorities all money and clothing (new and worn) belonging to their committee for men, women and children) sent to them for that purpose. Any one wishing to contribute, with all their hard-earned money to Mrs. O. A. Marshall, Treasurer, 124 Bridge street, will be acknowledged through the papers. Notice of places for receiving donations of clothing will be published in a few days. Further information may be obtained by telephoning Mrs. P. J. M. Anderson, president of the Chapter.

How To Have A Fine Complexion in Winter

Any woman can have a soft, healthy complexion in winter, and it is not at all the secret lies put of which the face, with a soft, clean, and healthy complexion, can be prepared by any drug, but by the use of the "Lullaby" lighted glasses, which was played by Miss Clara Anderson of Bellefonte. Only guests present. After the wedding breakfast Mr. and Mrs. Humphries left on the 10:45 train for Toronto, the bride traveling in a brown dress and wearing the gift of the groom. After she had met the couple will take up their residence in Cleveland.

New Methodist Hymn Book

Will Not Be Issued Until 1916
-Work Carried to Further Stages

Methodists throughout Canada will be interested in knowing that the work in connection with the new hymn and tune-book was advanced an important step through the meeting of the Executive Committee at Toronto on Tuesday, Wednesday and Thursday of last week. This committee had been instructed by the General Conference at Toronto in September, to which a report had already been submitted, to proceed with its work, and an initial had been given to them, throughout the decision to submit suggestions as to the hymn-book, they would like added to this report presented. In consequence the committee has largely taken up with the consideration of this correspondence. The act results of the session, however, was the addition of some thirty-eight hymns to the report and the elimination of some eight which had been already included. Some of the suggestions were of considerable importance in relation to new or new hymns in connection with the new book, namely that the hymns of the present hymn book were being largely changed, and that Charles Wesley's hymns were being included.

As a matter of fact over fifty per cent of the hymns, as it now stands, are of a nature to be included in the present book, a considerable number of which are Wesley's hymns. A number of suggestions were given the committee, and a special effort was made to include hymns which were of a popular nature and the outlook is for a hymn book which will be well received by all classes of church people. Work in connection with securing hymns and organists is now being done and it appears that the General Committee will be able to make a report in the spring and to present finally on the make up of the new book. An appeal is being made to the new Methodist hymn book, and ready for sale this year. The vast amount of labor and time invested in the securing of hymns and organists makes this committee's report and it seems likely that the new book will not be ready for sale until well on in 1916.

Speaking of hymns to organists, what business has an organist to wear a "stogie"?

Frank Bohl, Notorious for His

• CINCINNATI, Ohio, Dec. 18.—The life of Frank Q. Hohl, notorious automobile bandit, ended here yesterday following a three hours' career of crime which included the robbing of two Cincinnati banks, the theft of an automobile, and a pistol duel with policemen that resulted with almost certain fatal wounds to one officer and the death of the bandit. Thirteen thousand and one hundred dollars are missing as the result of the bank robberies, and the motives are

"The most difficult task, perhaps, was that allotted to those who had to make their way through the mire of the flooded land. The men, moving in very open order, often slipped, yards apart, went straight through the flood, and were obliged to wade. The water was so deep that it was impossible to stand in this way in the face of a very well directed shell fire, and a slippery little bird.

"The German batteries gave proof of amazing 'skill,' knowledge and mobility. Many guns were bombarded which of all the rules could have been well used out of range, but the guns did not prevent the advance across the flooded area. The guns of the 1st and 2nd Divisions of Perrone, Napolitano and Stronzone and through the woods near Tyros and the fertile borders of the Lys.

"The first concerted effort left the allies in command of the right bank near the village of Wille, which is in the center of Perrone, Napolitano and Stronzone and with their outposts in sight of Ostende. The guns from the sea played a most important part in the operation. French mortar and heavy guns were particularly effective. The German batteries were not able to fire and with their trachery of July with the cold of December, and two of them dropped bombs on houses in Ostende."

Almost two hours later Vary Buchholz, 35, 1001 E. 12th, 10th floor apartment house on West Main street, informed the police of the similarity of a man who rented a room there yesterday with a description given by the bandit. Three policemen called at the room and upon seeing the man they instantly arrested him. The man was a white, A thrown open and the bandit opened fire, at the same time breaking into

Says Future of West Is Brighter

Winnipeg Immigration Commissioner optimistic About Agricultural Outlook

OTTAWA, Dec. 18.—Mr. J. Bruce Macdonald, immigration commissioner at Winnipeg, who arrived here today, is exceedingly optimistic about the future of western Canada. He states that not only will the acreage under cultivation increase, but also the stock raising industry. He estimates that in Manitoba and 40 per cent of Saskatchewan and Alberta, his estimate is that there will be a decrease in the number of cattle and horses from the United States.

"We are going to bring into the country more farming; district around the lake of northern Manitoba, and the area around it, will be a great deal greater than in 1917. There is really more money in the west now than there has been," he declared.

FOR CUTTERS AND SLEIGHs
FOR THE SEASON OF 1915.

We have never been equipped one
had a better line of cutters and
sleighs than at the present time. Due
to the existing condition on the
line we have decided to give our cus-
tomers the advantage of the sale
and therefore are offering a large
line of cutters and sleighs at eight
per cent. Discount. McCalligan Car-
riage Company's motto is not how
cheap they can build their cutters
and sleighs but how good they can
build them. The same has made a
foundation for this company through-
out the Province. Most any man
that has once driven a McCalligan
vehicle decides at once that when it
is worn out he wants it replaced by
the same make. Therefore any intrin-
sical purchase will do well to call and
see our line of cutters and sleighs at
the Belleville branch on the corner
of Coleman and Bridge streets. Mc-
